

Directions and Guidelines for Completion of Part III of the Fifth-Year Interim Report

Part III: The Fifth-Year Compliance Certification

CONDUCTING THE COMPLIANCE REVIEW AND DOCUMENTING COMPLIANCE

1. Refer to the *Handbook for Institutions Seeking Reaffirmation of Accreditation* for (1) conducting the compliance review, (2) documenting compliance, (3) evaluating the evidence supporting compliance, and (4) making the case for compliance.

For an electronic version of the *Handbook*, refer to the [Handbook for Institutions Seeking Reaffirmation of Accreditation](#)

2. Refer to the [Resource Manual](#) for the rationale of the standard, relevant questions, required documentation, and information referencing other SACSCOC documents and policies.

3. Reminders:

- Provide a concise, clear, and complete report. Ensure that documentation is appropriate for demonstrating fulfillment of the requirement. Specify actions that have been taken and document completion.
- Ensure that your narrative explains the use of the documentation and how the documentation supports compliance.
- Provide definitive evidence, not documents that only address the process.
- Specify actions that have been taken and provide documentation that such actions have been completed.
- When possible and appropriate, provide samples of evidence of compliance rather than all documents pertaining to all activities associated with compliance. Sampling should include a representation of programs and services in accord with an institution's mission and should explain the method used for the sample selection.
- When a requirement requests that the institution have a policy, provide examples of policy implementation.
- Integrate the evaluation and analysis of **compliance for all distance and correspondence learning programs and off-site programs and services** described in Part II of your Report. Focus particularly on Standards 6.2.b., 6.2.c, 8.2.a., CR 9.1, CR 9.2, 10.2, 10.5, 10.6 (a-c), 10.7, CR 12.1, 12.4, 13.6, and 13.7.

- When possible, excerpt passages from text and incorporate the narrative into the report instead of sending an entire document.
- Reread the report before submission and eliminate all narrative that is not relevant to the focus of the report.
- If electronic documents are submitted, be sure to check the electronic devices before mailing to the SACSCOC office to ensure that all intended documents are included. It also would be helpful to field test access to the electronic documents by individuals unfamiliar with the institution.
