The bill includes a new Secretarial waiver authority for the Elementary and Secondary Education Act. Under this authority, ED can waive certain provisions, upon request by a State, Indian tribe or LEA due to the COVID-19 emergency. At the State level, this includes the use of a streamlined application process and allows for the waiver of the following provisions:

States, Indian tribes and LEAs may request waivers on a different set of provisions under a process other than the streamlined process described in the pervious slide. Provisions which may be waived under this process include:

- the poverty threshold necessary to do a schoolwide program
- maintenance of effort
- restrictions on carry over limitations (unused funds from one year to the next)
