**Disclosure Statement Regarding the Status of
SAINT AUGUSTINE'S UNIVERSITY
Raleigh, North Carolina
Issued June 17, 2022, by SACSCOC**

The following publicly available information is provided by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) concerning the accreditation of Saint Augustine's University. Information presented below is in accord with SACSCOC's disclosure policy; SACSCOC staff cannot comment further on questions specifically related to Saint Augustine's University. The institution has reviewed this statement prior to public posting.

Action by SACSCOC Board of Trustees took place on June 16, 2022, and the institution's next review is December 2022.

What is the accreditation status of Saint Augustine's University? Saint Augustine's University is accredited by the Southern Association of Colleges and Schools Commission on Colleges; however, the institution was continued in accreditation and continued on Warning. SACSCOC accreditation includes all components of the institution—all programs, branch campuses, off-campus sites, and distance learning programs as reported to SACSCOC; thus, the Warning status applies to the entire institution.

What does it mean to be continued in accreditation and continued on Warning? A Warning imposed by the SACSCOC Board of Trustees follows a determination of significant non-compliance with the Core Requirements or Standards of the *Principles of Accreditation*, the accreditation standards of SACSCOC; failure to make timely and significant progress toward correcting the deficiencies that led to the findings of non-compliance; or failure to comply with SACSCOC policies and procedures. The maximum total time during a monitoring period that an institution may be on Warning is two years. In December 2022, Saint Augustine's University will have been on Warning for two years. For additional information about sanctions, see the SACSCOC policy entitled "[Sanctions, Denial of Reaffirmation, and Removal from Membership.](#)"

Why was Saint Augustine's University continued in accreditation and continued on Warning? Saint Augustine's University was continued in accreditation and continued on Warning because the SACSCOC Board of Trustees determined that the institution failed to demonstrate compliance with the *Principles of Accreditation*, namely, Core Requirement 13.1 (*Financial resources*), Core Requirement 13.2 (*Financial documents*), Standard 13.3 (Financial responsibility), Standard 13.4 (Control of finances), and Standard 13.6 (*Federal and state responsibilities*). A Special Committee was not authorized to visit the institution

These standards expect an institution to: (1) have sound financial resources and a demonstrated, stable financial base to support the mission of the institution, and the scope of its programs and services; (2) provide the following financial statements: (a) an institutional audit (or Standard Review Report issued in accordance with Statements on Standards for Accounting and Review Services issued by the AICPA for those institutions audited as part of a system-wide or statewide audit) for the most recent fiscal year prepared by an independent certified public accountant and/or an appropriate governmental auditing agency employing the appropriate audit (or Standard Review Report) guide; (b) a statement of financial position of unrestricted net assets, exclusive of plant assets and plant-related debt, which represents the change in unrestricted net assets attributable to operations for the most recent year; and (c) an annual budget that is preceded by sound planning, is subject to sound fiscal procedures, and is approved by the governing board; (3) manage its financial resources in a responsible manner; (4) exercise appropriate control over all its financial resources; and (5) that an institution (a) is in compliance with its program responsibilities under Title IV of the most recent Higher Education Act as amended, and (b) audits financial aid programs as required by federal and state regulations. (To read the full statements for the standards cited above, access the [Principles of Accreditation: Foundation for Quality Enhancement.](#))

What will happen in December 2022? The SACSCOC Board of Trustees will consider the accreditation status of Saint Augustine's University following a review of a Third Monitoring Report submitted by the institution addressing the standards cited above for non-compliance. The Board will have the following options: (1) remove the institution from Warning without an additional report; (2) continue accreditation, place the institution on Probation, request a Monitoring Report, and authorize a Special Committee; or (3) remove the institution from membership for failure to comply with the *Principles of Accreditation*. SACSCOC staff will not speculate on what decision might be made by the Board of Trustees in December 2022.
