**Disclosure Statement Regarding the Status of
LETOURNEAU UNIVERSITY
Longview, Texas**

Issued June 23, 2023, by SACSCOC

The following publicly available information is provided by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) concerning the accreditation of LeTourneau University. Information presented below is in accord with SACSCOC's disclosure policy; SACSCOC staff cannot comment further on questions specifically related to LeTourneau University. The institution has reviewed this statement prior to public posting.

Action by SACSCOC Board of Trustees took place on June 15, 2023, and the institution's next review is June 2024.

What is the accreditation status of LeTourneau University? LeTourneau University is accredited by the Southern Association of Colleges and Schools Commission on Colleges; however, the institution continued in accreditation and placed on Warning after review of a Referral Report regarding full-time faculty and program faculty. SACSCOC accreditation includes all components of the institution—all programs, branch campuses, off-campus sites, and distance learning programs as reported to SACSCOC; thus, the Warning status applies to the entire institution.

What does it mean to be continued in accreditation and placed on Warning?

Warning imposed by the SACSCOC Board of Trustees follows a determination of significant non-compliance with the Core Requirements or Standards of the *Principles of Accreditation*, the accreditation standards of SACSCOC; failure to make timely and significant progress toward correcting the deficiencies that led to the findings of non-compliance; or failure to comply with SACSCOC policies and procedures. The maximum total time during a monitoring period that an institution may be on Warning is two years. In June 2024, LeTourneau University will have been on Warning for twelve (12) months. For additional information about sanctions, see the SACSCOC policy entitled "[Sanctions. Denial of Reaffirmation, and Removal from Membership.](#)"

Why was LeTourneau University placed on Warning? LeTourneau University was continued in accreditation and placed on Warning because the SACSCOC Board of Trustees determined that the institution had failed to demonstrate compliance with Core Requirement 6.1 (Full-time faculty) and Standard 6.2.b (*Program faculty*). These standards expect the institution to (1) employ an adequate number of full-time faculty members to support the mission and goals of the institution; and (2) employ a sufficient number of full-time faculty members for each of its educational programs to ensure curriculum and program quality, integrity, and review. (To read the full statements for the standards cited above, access the [Principles of Accreditation: Foundations for Quality Enhancement](#).)

What will happen in June 2024? The SACSCOC Board of Trustees will consider the accreditation status of LeTourneau University following a review of a Monitoring Report submitted by the institution addressing the standards cited above for non-compliance. The Board will have the following options: (1) remove the institution from Warning without an additional report; (2) remove the institution from Warning and request a Fifth-Year Follow-Up Report; (3) continue accreditation, continue the institution on Warning, request a Monitoring Report, with or without a Special Committee authorized, (4) continue accreditation, place the institution on Probation, request a Monitoring Report, and authorize a Special Committee; or (5) remove the institution from membership for failure to comply with the *Principles of Accreditation*. SACSCOC staff will not speculate on what decision might be made by the Board of Trustees in June 2024.

For additional information regarding SACSCOC's accreditation process, access the [Principles of Accreditation: Foundations for Quality Enhancement](#).
