

## MEMORANDUM

To: SACSCOC Membership  
From: Dr. Belle S. Wheelan,  President  
Date: April 24, 2025  
Subject: Response to Executive Order

Colleagues, I'm sure you've read about the Executive Order that President Trump issued late Wednesday afternoon related to accreditation. I want to assure you that I and my colleagues among the other formerly known as regional accreditors are responding to some of the mischaracterizations of accreditors' role in the system of higher education in this country. I have attached the collective response from the Council of Regional Accrediting Commissions (C-RAC).
